

## CCNP ENCOR Training

- **Duration: 160 Hours**
- **Language: Portuguese/ English**
- **Level: Intermediate**

Este currículo é destinado aos que querem melhorar as suas competências em networking e precisam de dominar soluções complexas de redes empresariais. Este primeiro curso da serie CCNP Enterprise cobre os tópicos de switching, routing, wireless e segurança, assim como automação através de programação.

### CCNP ENCOR Training Delivery Methods

- In-Person
- Online

### CCNP ENCOR Training Course Information

- Cap. 1: Packet Forwarding
- Cap. 2: Spanning Tree
- Cap. 3: Advance STP Tuning
- Cap. 4: Multiple Spanning Tree Protocol
- Cap. 5: VLAN Trunks and Etherchannel Bundles
- Cap. 6: IP Routing Essentials
- Cap. 7: EIGRP
- Cap. 8: OSPF
- Cap. 9: Advanced OSPF
- Cap. 10: OSPFv3
- Cap. 11: BGP
- Cap. 12: Advanced BGP
- Cap. 13: Multicast
- Cap. 14: QoS
- Cap. 15: IP Services
- Cap. 16: Overlay Tunnels
- Cap. 17: Wireless Signals and Modulation
- Cap. 18: Wireless Infrastructure
- Cap. 19: Understanding Wireless Roaming and Location Services
- Cap. 20: Authenticating Wireless Clients
- Cap. 21: Troubleshooting Wireless Connectivity
- Cap. 22: Enterprise Network Architecture
- Cap. 23: Fabric Technologies
- Cap. 24: Network Assurance
- Cap. 25: Secure Access Control
- Cap. 26: Network Device Access Control and Infrastructure Security
- Cap. 27: Virtualization
- Cap. 28: Foundational Network Programmability Concepts
- Cap. 29: Introduction to Automation Tools
